1. Choose a section to practice on, whether it is a piece of music we're working on or an exercise in the book.
2. Clap and count the rhythm.
3. Figure out what the notes are (if you want to finger or air bow first, that's fine!).
4. Add in the rhythm while fingering along. Strings: You can pizz first before bowing.
5. Put it altogether and go slowly. As you get more comfortable playing it, then you can go faster!
